A RUSH OF STEAM

Gasket on One of the Boilers on the Battleship Massachusetts Gave Way.

THREE MEN LOST THEIR LIVES.

Four Others, Including Lieut. William C. Cole, Were Terribly Scalded by Hot Water and Steam.

The Big Vessel Has Been at the League Island Navy Yard For Some Time Undergoing Extensive Repairs.

Philadelphia, Dec. 16.—Caught in a trap and helpless to save themselves, three men lost their lives and four others, including William C. Cole, was terribly scalded Thursday by a rush of steam from boiling water in the fire room of the battleship Massachusetts, lying at the League Island navy yard.

The dead are: Edward Bub, married, boilermaker and civilian; Andrew Hamilton, married, boilermaker and civilian; Charles Ritzel, boilermaker's helper and civilian.

Injured: Lieut. William C. Cole, U. S. N., assistant chief engineer of the Massachusetts, scalded about the head and body; taken to naval hospital. William Anderson, ship's boilermaker, badly scalded. James Wilson, boilermaker's helper and civilian employee, scalded. Joseph A. Duran, boilermaker's helper and civilian, scalded.

With the exception of Lieut. Cole, all the killed and injured resided in Philadelphia. Lieut. Cole received his injuries in a heroic effort to rescue the others.

The Boilers Had Been Tested.

The accident was caused by the giving way of a gasket or rubber washer on a boiler on the starboard side of the ship. The Massachusetts has been at the navy yard for some time undergoing extensive repairs, particularly to the boilers and machinery.

The boiler on which the accident occurred had recently been cleaned and thoroughly tested, and the boilermakers were Thursday at work on another boiler. Without warning, the gasket between the boilerplate and the boiler-head gave way and a terrible rush of steam and hot water occurred. The doors of the fire room were closed at the time that the accident occurred and the only avenue of escape was a safety ladder. Only one man, Bramlet, a ship's fireman, thought of the ladder and he escaped without injury.

Few on the upper decks knew what had happened until the steam came rushing up from the seething pit below. The work of rescue was prompt, and to the promptness those who escaped death owe their thanks.

Lieut. Cole's Heroism.

The first to enter the firehole was Lieut. Cole. Without hesitating at becoming scalded by the hot water and steam, he entered quickly and dragged the men from the place to the door, where they were taken in charge by others. Bub and Hamilton were dead when found and Ritzel died a few minutes after being taken on deck.

Whether the gasket was defective or whether it had been carelessly put in place remains for the official court of inquiry to determine. It is said the boiler had been thoroughly overhauled and tested under a tremendous pressure of steam. At the time of the accident the steam pressure was only sufficient to run the ship's heating plants.

The accident will cause little or no delay in preparing the battleship for sea.

CONSTRUCTION OF WARSHIPS.

Unprecedentedly Low Bids Were Offered Thursday.

Washington, Dec. 16.—Unprecedentedly low bids were offered Thursday for the construction of the battleship New Hampshire and the armored cruisers Montana and North Carolina, proposals for which were opened at the navy department at noon in the presence of representatives of ship-building companies from the Pacific and Atlantic coasts. It is probable that an official announcement will award the contract for the cruisers to the Newport News Shipbuilding Co. for \$3,575,000 each and the battleship to the New York Shipbuilding Co. for \$3,748,000, those being the lowest bids offered. The lowest aggregate bids for these three ships was exactly \$1,377,000 less than the aggregate lowest bids for three sister ships a little over a year ago.

An Old Feud.

Covington, Ga., Dec. 16.—At Hardy's Cross Roads, in Jasper county, J. M. Parker was shot and killed by Jesse Hodges early Thursday. Parker's 18-year-old son shot and mortally wounded Hodges.

THE MARCUM TRIAL.

Several Witnesses Testified For the Prosecution Thursday.

Winchester, Ky., Dec. 16.—Hezekiah Combs, of Morgan county, saw the dead body of Marcum and described the location and nature of the wounds. John Bays, a Cincinnati commercial traveler, was a clerk in the store of Hargis Bros. at the time of the killing. He testified to the location of James Hargis and Tom White at the time and immediately after. He knew that James Hargis and Marcum were not friendly. The wife of Alex Hargis was the niece of Marcum and she sympathized with her uncle.

Kelly Kash heard a conversation between Jett, White and Mrs. Mary Johnston shortly after the killing, but he was not allowed to tell the nature of it. The jury was sent out and the plaintiffs avowed that they would prove that Alex Hargis grew very angry because Kash, as an attorney, wrote a power of attorney for Henry Hearst to accept bond for Mose Feltner when the latter was under indictment for the murder, but the court excluded this testimony.

Judge Benton decided that anything in the furtherance of a conspiracy or that tended to establish a conspiracy might be shown by testimony. D. D. Hurst, father of Mrs. Marcum and postmaster of Jackson, saw Marcum as he lay on the courthouse floor, but the sight made him sick and he went out. He met Curt Jett at the door and the latter said the murder of Marcum could not be ascribed to him. For quite a while before his death Marcum seldom went out without his child in his arms or his wife or his sister by his side. Before Marcum's death Alex Hargis told witness that Marcum had made public charges against him which he must publicly retract.

Mrs. Ruck Cottongane told that French saw her since she came here and told her that D. Y. Combs was here to kill her husband and Sam Fields and that they had better leave, which they did. Mrs. Mahala Hord, sister of Marcum, said that two years ago Alex Hargis came to her home and cursed her and the whole Marcum family.

For Peddling Oil.

Lancaster, Ky., Dec. 16.—Forty-five indictments were found against the Standard Oil Co. for peddling oil in this county. These complaints will be vigorously prosecuted, because, aside from the violation of the law, the quality of oil sold here by the corporation is said to be inferior.

A Victory For W. W. Spalding.

Lebanon, Ky., Dec. 16.—County Attorney C. S. Hill's contest against his opponent, W. W. Spalding, resulted in a victory for the latter. A re-count of the ballots gave Mr. Spalding a majority of 23, and the committee was unanimous in giving him the certificate of election.

BRIDGE COLLAPSED

At the Time There Were Six Teams and a Number of Children Crossing.

TWO DEAD BODIES RECOVERED.

Everything on the Structure 500 Feet Long Was Thrown Into the River 39 Feet Below.

Several Persons Suffered Broken Limbs and Internal Injuries—It Is the Belief That Other Dead Bodies Will Be Found.

Charleston, W. Va., Dec. 16.—By the collapse of the suspension bridge connecting East and West Charleston at 8:15 a. m. Thursday two are known to have been killed. Mamie Higginbotham, 11, and Ray Humphreys, 17. At the time of the accident there were six teams on the bridge and a number of school children. All were precipitated a distance of 39 feet into the ice-covered waters of Elk river, whose depth at that point is variously estimated at from 10 to 20 feet.

The injured are: Zella Smith, 17, compound fracture of elbow; William Holmes, colored, driver, cuts, bruises and shock; Henry Fielder, driver, serious internal injuries; William Holmes, driver, cut and bruised; Miss Ollie Gibbs, 15, both hips and arm broken; Miss Elma Tucker, 13, both arms and leg broken.

The Bridge Was a Single Span.

The bridge was a single span, 500 feet in length, and was built in 1852. It was destroyed during the civil war and rebuilt immediately following. It was considered by many persons as unsafe, and for several years has been known as the "Drunk bridge" from its swaying, requiring foot passengers crossing it to walk sailor fashion to preserve their balance.

Following the news of the accident great and excited crowds gathered on both banks. The steamer Baxter broke the ice to get small boats to the scene and the work of rescue began immediately.

The accident was caused by two cables on the north side slipping from their moorings, and when that side dropped another cable on the down side of the stream snapped, the floor tilted and turned completely over and everything and person on the bridge slid off into the ice-covered stream below.

Searched the River Bed.

United States Engineer Jeffries hurried down a government diver and had him search the river bed, finding no other bodies. Further investigation will be made. Others who made miraculous escapes were George Woodall, who went down in the middle of the bridge, but landed on the ice; Gordon Lowry and Lou Michie, colored.

Last September, on Labor day, when the parade of the labor organizations of Charleston was arranged for, it was originally on the program to start from the west side, but the program was later changed so that the parade started from the east side of Elk river, abandoning the west side, and thus dispensing with the crossing of the bridge.

As many children cross from the west side to attend school in Charleston and many west-siders are employed here, there was great excitement and anxious inquiries all day locating persons. There is still belief that other bodies may be found under the water, but it is generally considered that everyone has been accounted for.

CANTEEN AT ARMY POSTS.

Bill introduced in the House Providing For Its Re-Establishment.

Washington, Dec. 16.—A bill was introduced Thursday by Representative Morrell (Pa.) providing for the re-establishment of the canteen at army posts. The bill sets forth in its preamble that the testimony of 90 per cent. of the army officers commanding posts who have expressed opinions has been that the abolition of the canteen has increased drunkenness, desertion, absence without leave and trials by court-martial, also that a report by the secretary of war shows that it has increased drunkenness and desertion.

A Mayor Became Insane.

San Juan, P. R., Dec. 16.—Manuel Egzuco, who was removed from office of mayor of San Juan a year ago for alleged malfeasance in office, but who was acquitted on trial, and who was re-elected to the mayoralty last month, has become insane.

Queen Victoria's Jubilee Presents. St. Louis, Dec. 16.—Queen Victoria's jubilee presents have been sent by express in 29 large packing cases to New York city, where they will be placed on board a steamer for England.

IN THE CONGRESS.

The Senate Discussed the Philippine Administration Bill.

Washington, Dec. 16.—Senate.—The senate spent practically the entire day discussing the Philippine administrative bill. A number of amendments were suggested and debated, among them being provisions relating to railroad bonds, mining locations and tariff rates. Under unanimous agreement the vote on the bill will be taken Friday and the disposal of all amendments will occur at the same time. A formal order to enter on the Swayne impeachment proceedings was adopted but it did not fix a day for beginning the work.

House.—Discussion of the bill "To improve currency conditions" was resumed in the house Thursday, but throughout the session its advancement was beset with obstructive tactics by the democrats, led by Mr. Williams (Miss.), the minority leader. The democrats mustered sufficient strength to force Speaker Cannon to break a tie in order that the bill be taken up, the democrats assuming their attitude of antagonism because Mr. Hill (Ct.), in charge of the bill, refused to postpone its further consideration in consequence of the illness of Mr. Bartlett (Ga.), leader of the opposition. The house made little progress on the measure.

TOO ACTIVE IN POLITICS.

Two Rural Mail Carriers Dismissed From the Service.

Washington, Dec. 16.—As the result of an investigation of their activity during the recent political campaign, Warren F. Tumber, a rural mail carrier at Lockport, N. Y., and H. W. Aldrich, a rural carrier of Concord, N. H., both officials of the National Association of Rural Free Delivery Carriers, Thursday were removed forthwith from the government service by Postmaster General Wynne. Tumber is secretary of the national association of the carriers and he and Aldrich are members of its executive board. The charges, the investigation of which by post office inspectors resulted in Thursday's action, were that the dismissed men sent out circular letters during the last campaign to candidates for congress urging legislation in the interest of the carriers and demanding that the men to whom the letters were addressed pledge themselves to vote for such legislation.

CIVIC FEDERATION.

August Belmont Was Elected President of the Organization.

New York, Dec. 16.—August Belmont was Thursday night elected president of the National Civic Federation to succeed the late Senator Marcus A. Hanna. The election took place at the dinner of the National Civic Federation, which was held at the Park Avenue hotel. During the day a committee composed of Archbishop Ireland, John Mitchell and Franklin MacVeigh was appointed by the executive committee of the federation, which is holding its annual meeting here to select a president, and the choice fell upon Mr. Belmont. The committee reported its choice Thursday night and Mr. Belmont was elected. The dinner was attended by 270 members of the federation.

THE STATEHOOD BILL.

The Senate Committee Authorizes a Favorable Report.

Washington, Dec. 16.—The senate committee on territories, by a vote of 6 to 4, Thursday authorized a favorable report of the statehood bill providing for the admission into the union of Oklahoma and Indian Territory to become the state of Oklahoma, and of Arizona and New Mexico to become the state of Arizona. The bill is the one originating in the house in the second session of the 58th congress, but has been amended materially by the senate committee. The closeness of the vote practically makes it certain that there will be a minority report.

Student Interpreters.

Washington, Dec. 16.—A communication from Secretary Hay recommending the establishment of a corps of student interpreters in Japan and Korea—five to be provided for the former country and three for the latter, was sent to the house.

Secretary Taft's Mission.

MET FACE TO FACE

Banker Beckwith Called on Mrs. Cassie Chadwick in the Jail in Cleveland.

A FEW MINUTES CONVERSATION.

"You've Ruined Me, But I'm Not So Sure Yet You Are a Fraud," Said the Banker.

Present Program of the Federal Authorities Is To Have the Woman Arraigned Before Judge Wing Next Monday.

Cleveland, O., Dec. 16.—Mrs. Chadwick's first day in the county jail was a busy one for her. She received several visits from her attorneys, held long conferences with them, conversed with newspaper men and for 15 minutes stood face to face with President Beckwith, of the Oberlin bank, who has come to such great trouble through his financial transactions with her. The meeting was dramatic.

The aged banker had been for hours before the county grand jury, went to the office of Sheriff Barry Thursday afternoon and asked if he might see Mrs. Chadwick. The sheriff readily consented and Mrs. Chadwick was eager to meet him. Accompanied by Mrs. Beckwith, who, owing to her husband's ill health, is always by his side, the aged banker made his way slowly and feebly up the long flights of iron stairs leading to Mrs. Chadwick's cell. She met him at the entrance of the corridor and shook hands with him cordially.

Referred To Business Relations.

After some general conversation Mr. Beckwith referred to their business relations by saying: "Mrs. Chadwick, you have ruined me, but I'm not so sure yet you are a fraud. I have stood by you to my last dollar, and I do think now that the time has come for you to make known everything in relation to this thing." Beckwith's voice betrayed deep emotion as he spoke, and he leaned heavily on the arm of his wife, who was almost compelled to support him so great was his physical weakness. Mrs. Chadwick did not reply directly to the words of Mr. Beckwith, but her manner and the look on her face were not conciliatory. Seeing that she would not answer, Mr. Beckwith went on: "I have always told you that I did not like it because you changed your lawyers so often. Why don't you get a good one and stick to him?"

"Well," said Mrs. Chadwick, "I have reasons for that."

Applied For Another Receiver.

Mr. and Mrs. Beckwith then both said they hoped the matters connected with the Chadwick affair would be eventually straightened out. The interview then closed. Mrs. Chadwick thanked him for calling, shook hands with Mr. and Mrs. Beckwith and said she would be pleased to have them call again.

An application for an additional receiver for the Chadwick estate was made in the common pleas court Thursday afternoon by the Savings Deposit Banking and Trust Co., of Elyria, O., which has brought suit against Mrs. Chadwick on two notes of \$25,000 and \$10,000 respectively.

Mrs. Chadwick Thursday afternoon retained the attorney who is to conduct her defense when she is called for trial in the federal court. He is J. P. Dawley, one of the leading criminal lawyers of Cleveland. Sheldon Q. Kerruish will assist Mr. Dawley. Mr. Kerruish said: "It is very difficult to know what is best to do for Mrs. Chadwick. She says one thing, and a little later will give a totally different version of the same matter. Until we have succeeded in getting her affairs straightened out, it will be difficult to say what we will do. I do not know of any case where it has been so difficult for an attorney to get his bearings."

May Furnish Bail.

The present program of the federal authorities is to have Mrs. Chadwick arraigned in the United States district court before Judge Wing on Monday next. She will be asked to plead the indictments and will be given a chance to furnish bail if she is able to do so. If her health is not such as to render the arrangement advisable it will be postponed.

Beckwith and Spear may be arraigned at the same time, but this has not yet been definitely decided upon.

Lexington, Ky., Dec. 16.—The three-year-old filly Alice Edgar, by Moko, dam Diesernon, by Jaybird, was sold Thursday morning in Bourbon county for a handsome price. She was sold to eastern parties.

WEATHER FORECAST.

Snow to-night with rising temperature. Saturday, snow and colder.

The visit of Mr. Richard Ernst to Washington the first of the week, and his conference with Commissioner of Internal Revenue Yerkes and Judge George Durrelle, will be productive of important political events in Kentucky, according to advices from the capital. Only three Congressional districts in this State made Republican gains, and it is agreed that the Federal plums should go to the workers who contributed to this result. As a consequence, some Federal officeholders will shortly be succeeded by Republicans who made a better showing.

Mrs. Samuel B. Chunn, who has been at Point Pleasant, W. Va., for a couple of months with her husband who is suffering from rheumatism, arrived home Thursday. Mr. Chunn is very much improved but will remain at Point Pleasant until he can settle up his business.

Mrs. S. H. Sanford and little daughter, while crossing Market street on Third last night about 7 o'clock, were run into by a coaster. Mrs. Sanford escaped injury, but the little girl was stunned, her head striking the ground with considerable force. Fortunately there was no serious injury.

Mrs. Alice Payne, matron of the alms house, entertained the various city officials with an elegant supper last night. Some of those who were present pronounced it the finest spread they ever faced. John Eitel gave it out as a quiet tip that most of the Councilmen fasted all day in order to get in good condition and do justice to the banquet.

THINK TEDDY IS SANTA CLAUS.

Hundreds of Children From All Over the United States Write Letters to the President.

"You have no idea to what extent the words of Santa Claus enter into the work of the Postoffice Department this time of year," said a clerk in the Postmaster General's office the other morning. "The Dead Letter Office," continued he, "to-day appointed a special clerk to look out for Santa Claus' mail, and until several days after Christmas he will be the busiest man in the Government service. Thousands of children all over the United States write letters to Santa Claus, and they are promptly forwarded to Washington to the Dead Letter Office. One of the most interesting features of these letters is the diversity of childish opinion as to the residence of Santa Claus. It is said, however, that the city of Washington is believed by about 25 per cent. of the writers to be the locality. Hundreds of children believe the President of the United States is Santa Claus, or else is a close friend of his, for many letters are addressed 'Santa Claus, White House, Washington, D. C.'"

The Olympian Springs, a famous summer resort near Mt. Sterling, has been sold to a Lexington syndicate of which Judge Mat. Walton is a member. A large sum will be spent in improvements and a modern hotel and hospital are to be erected. The property was owned in the thirties by Henry Clay, who, during a poker game, bet it against \$25,000 put up by Col. George Landsdown. Clay lost and immediately left the place.

The venerable Mr. John Kane, Sr., was stricken with apoplexy yesterday morning at the home of his daughter, Mrs. J. J. Fitzgerald at Lexington, and up to the last advices at a late hour last night he was still unconscious. The physicians did not think he could survive the night, but no news of his death had been received up to 9:25 this morning. Mr. John Kane, Jr., and Mrs. John Altmeyer left this morning to be at his bedside.

In addition to the regular prayer meeting service at the First M. E. Church, South, last evening a very delightful lunch was served in the ladies' parlors. This was a surprise, planned and delightfully executed by the pastor's wife. The visiting ministers were Rev. J. S. Sims of Lexington and Rev. R. E. Moss of this city.

The funeral of Mr. Charles Tabb will take place this afternoon at his late home in Cincinnati. The remains will arrive here at 10:10 Saturday morning and will be taken direct to the Maysville cemetery for burial.

BOXING IN CHICAGO.

The Death Blow Was Administered By Mayor Harrison.

Chicago, Dec. 16.—The death blow to boxing in Chicago was administered Thursday by Mayor Carter H. Harrison. To each club that has been conducting boxing contests of any kind, and to Chief of Police O'Neill, for enforcement, Mayor Harrison has sent copies of an opinion by Corporation Counsel Edgar B. Tolman, which will compel even the Chicago Athletic association to discontinue its exhibitions.

Not only does the corporation counsel maintain that prize fighting anywhere within the state is a felony and that witnesses are guilty of a misdemeanor, but he shows that by law,

where the elation of battle and the exaltation of victory are the only inducements for the boxers to perform before the public, such exhibitions are illegal, where the public is invited to attend, either by paying a fee or entering free of price.

All Maysville People Have to do is to Follow Their Neighbor's Advice.

Our readers have no excuse for going astray. The way is almost fenced with guide-posts in Maysville. They are on every highway and byway. "He who runs may read." Investigate this example:

Mr. Henry Bertram, boots and shoes, of 225 Market street, says: "The great value of Doan's Kidney Pills are quickly proven. I procured them at J. Jas. Wood & Son's drug store, corner of West Second and Market street. In a very short time I was cured of backache which had troubled me for some time. I gave some to a friend who suffered greatly from kidney ailments and he said the results obtained from their use proved that Doan's Kidney Pills are a preparation which possesses remarkable value."
